UNC SOLVEATHON · FINAL CHALLENGE

NC Grants Matchmaker

Every North Carolina organization should know which grants are worth its time.

[Team names]

WHAT IS

A grant coordinator’s Monday morning

Too many places

Grants.gov, SAM.gov, state agency pages, foundations. No single list.

No sense of fit

Hundreds of listings. Which ones serve *our* strategic plan?

50-page notices

The real requirements are buried deep in each funding notice.

WHAT COULD BE

Open one page. Know what to do.

One list

Federal, state and foundation grants together, only what you can apply for.

Ranked by your plan

Why each one fits, quoted from the grant and your own goals.

What to submit

Required documents and dates, with the notice page for each.

THE BIG IDEA

Let the plan you already wrote find your grants.

Every NC agency publishes a strategic plan. We match every grant against it, and show our work.

LIVE DEMO · ROBESON COUNTY

From 450 grants to the three that matter

1. Pick the organization: Robeson County
2. Top match: FEMA Flood Mitigation Assistance
3. Why it fits, and what to submit, page by page
4. Pursue it, and get deadline reminders by email

WHY STAFF CAN TRUST IT

No guesses. Every fact has a source.

Fit comes first

A big, easy grant can’t outrank a relevant one. A flood grant for the IT department dropped from 61.8 to 15.3.

Checked, or hidden

Requirements are checked against the notice text. 192 files that read like templates are never shown.

BUILT FOR ALL OF NORTH CAROLINA

Refreshed automatically, every day

450
open federal grants

314
NC state and foundation programs

2,871
federal programs checked weekly

16
official strategic plans built in

Plus general profiles, so any nonprofit, county, town or tribe can use it today.

OUR ASK

Next Monday, start with three grants, not three hundred.

Pilot it with one NC agency and one county this quarter. We'll add your plan in a day.
